WHY RABOT HOTEL

Rabot Hotel is a spellbinding Saint Lucian getaway comprising of 25 private lodges, an open-air restaurant, bar and spa, overlooking one of the island's iconic Piton mountains.

Hotel Chocolat is a British luxury chocolate brand so obsessed with cacao that they bought and restored the oldest cacao farm in Saint Lucia - Rabot Estate. Nestled within 140 acres of lush, tropical rainforest, set 1,000 feet above sea level, and in the island's adventurous south, the estate overlooks the UNESCO World Heritage Site that's home to the island's iconic, Piton sea-mountains.

The beautiful surroundings inspired the creation of the contemporary and unique Rabot Hotel.

Set in the lush nature of a UNESCO World Heritage Site, and a working cacao farm, Rabot Hotel connects guests with nature by way of open-air architecture and sustainable earthy materials. It's a place where the sounds of nature replace the noise of day-to-day life, stimulating and inspiring relaxation like no other place on earth.

Exploration of the Rabot Estate and the world of cacao is encouraged. Guests can embark on a multi-sensory, Tree to Bar chocolate experience at Project Chocolat, explore the network of estate trails, indulge in a cacao-infused spa treatment, taste iconic cacao-cuisine menu, or simply immerse themselves in some poolside yoga.

It began with a passion to create the most delicious chocolate and evolved into what is today Hotel Chocolat and Rabot Estate, Saint Lucia.

And the story continues...

ENVIRONMENTAL & SOCIAL SUSTAINABILITY POLICY - PROJECT CHOCOLAT TOUR. EAT. DRINK. SHOP

One taste of chocolate can provide so much happiness. Rabot Hotel discovered that the process of growing cacao to deliver that happiness is often not good for nature or farmers. Around the world, increasing pressure on farming methods due to low payments for cacao has led to deforestation, poor soil quality, loss of biodiversity and a cycle of hardship for farming families. Rabot Hotel believe in working with farmers to develop a better way: one that's positive for nature and positive for farmers, helping both to thrive.

By becoming cacao farmers, themselves on the Rabot Estate in Saint Lucia, they have seen these cacao-growing challenges first-hand. Working with farmers and experts in both Ghana and Saint Lucia, their journey began 20 years ago to find a better way, developing what they call gentle farming. And today, the hotel reinvests a proportion of the annual profit into funding gentle farming initiatives, such as the provision of shade and high-yield cacao tree seedlings, on-farm pruning support and labour, and organic fertiliser workshops.

The journey started in Saint Lucia in 2006 with the purchased the Rabot Estate. Now, it's become the ultimate place for fellow chocolate-lovers to experience Hotel Chocolat's sustainable cacao-growing in action. Connect directly with chocolate's source through a unique stay in cacao's lush, rainforest home at Rabot Hotel, and get hands on at Project Chocolat - to discover how we get from a cacao seedling to the end-product we love, whilst being kind to planet and farmers.

EXPERIENCES & ACTIVITIES

At Rabot Estate we are surrounded by the breath-taking natural beauty and tropical abundance of the Saint Lucian rainforest. There are a number of unique ways to experience and explore the Estate. As well as exploring the abundance of the rainforest on Rabot Estate through our trails or immersive chocolate experience at Project Chocolat, we also offer a varied daily selection of activities.

Project Chocolat

Set across 6-acres of the Rabot Estate, Project Chocolat connects chocolate lovers to sustainable cacao-growing in a unique, hands-on experience. As an in-house guest, the Tree to Bean part of the Project Chocolat tour is complimentary. After exploring the seederie and learning how to graft a cacao tree, you'll head into the rainforest and become one of few people in the world to see where cacao originates as you tour our organic cacao farm. Our expert guides will explain how we get from a cacao seedling to the end-product we all know and love, while treating the farmers and the planet kindly. It doesn't have to end there. Hotel guests can upgrade to add the Bean to Bar to your experience where you'll get the opportunity to taste cacao pulp from a freshly cut pod, sample some Rabot Estate chocolate, and learn from the experts how to transform roasted cacao beans into a chocolate bar.

Chocolate & Rum Tastings at Rabot Hotel

Rabot Hotel's in house specialists will take you on a taste journey as they guide you through a series of chocolate and rum pairings. Identify the flavours in each combination, hear facts about local and Caribbean rums and learn why chocolate make rum's perfect pairing. You'll complete the experience with a specially made Rum Punch from The Cacao Bar.

Cacao Farm Tours

Experience the incredible cacao farm with a guide, visit the herb garden with the Head Chef, or a trip to the local market in Soufriere to learn more about local, sustainably sourced produce.

Boat Trip

Exploring the beautiful Caribbean coastal scenes and wildlife. Whilst many of our experiences are included, some of our activities (including boat trips) incur an extra charge.

Boucanier Sunset Cruise - Only available to hotel guests.

Sit back and relax as the captain sails some of the most impressive mountain seascapes in the world. Cruise past the majestic Pitons, the sun is low in the sky and the evening trade winds are blowing their cooling breeze over the waters. Complimentary drinks, cocktails, champagne and hors d'oeuvres are served. Guests sometime witness the green flash - the rarely seen signature of 'the twilight of the gods'.

Available: Monday-Friday

Times: 16:45-19:15 approx. (Times vary with seasonal sunset)

Marcial, Cacao Grove Walk - Only available to hotel guests.

A shady trail with beautiful picture-taking opportunities of the lake at the end. Great for an early-morning stroll before breakfast or early evening before dinner.

Fitness Level: Easy

Duration: 20 minutes

Bois Nef, Cacao Grove Walk - Only available to hotel guests.

Come and explore one of our new cacao groves, with young trees that have already started bearing pods. This walk offers a lovely view of the lake from another angle - but the truly spectacular scene here is the white egrets clustering on their favourite tree at about 5pm.

Fitness Level: Easy

Duration: 30 minutes

Peau Pépinière, Cacao Grove Walk - Only available to hotel guests.

Venture deep into one of the largest of our 16 'côtes' (terroir-based zones of the estate). Dropping down below the Rabot Hotel restaurant, you'll come across the historic sugar mill that was used in the early 1800s. This walk takes you down into the valley and through the middle of the estate - shaded by other trees it's a cool place to be and has a touch of Heart of Darkness about it!

Fitness Level: Moderate

Duration: 45 minutes

The Big Nature View, Walk - Only available to hotel guests.

A breathtaking view from the highest point on Rabot Estate, with a 360-degree portrait of Soufrière Basin, Mount Gimme and both Pitons framing the Caribbean Sea beyond. Rated as the best view in Saint Lucia - and well worth the walk up! You'll pass by the site of our forthcoming micro-batch chocolate factory and several cacao groves.

Fitness Level: Moderate

Duration: 45-60 minutes

Sulphur Spring Volcano, Power Walk - Only available to hotel guests.

This route is best done early in the morning, before the sun gets too high. The complete route is just over two miles long and it is a great loop for those who want to keep fit - or just work off last night's dessert! First time out on this route we would suggest you leave the gate lodge, take a left and do the loop this way round. When you have seen the hill gradient you may fancy the challenge to take the loop in the opposite direction, then celebrate with a rum punch that night! You will pass by the site of our forthcoming micro-batch chocolate factory and several cacao groves.

Fitness Level: Good

Duration: 90 minutes

Please note: There is \$15 fee to enter the park.

The team can arrange a whole host of other activities for our guests depending on what their interests are, from horse riding and diving to Gros Piton hikes and visits to the world's only drive-in volcano. (Subject to change).

ISLAND INFORMATION & ACTIVITIES

Pigeon Island National Park

Jutting out from the Northwest coast is Pigeon Island which is connected to the mainland by a causeway. Once upon a time this was a strategic point during the French and British struggles for control of Saint. Lucia. Now it's a national park and a venue for concerts, festivals, and family gatherings. There are two small beaches with calm waters for swimming and snorkelling, a restaurant, and lovely picnic areas.

Zion Lion Farm

It's not really a lion farm, more of a day trip encompassing a hike to Gros Piton from the beach, snorkelling in the Marine Reserve reefs, cooling off in the L'Ivrogne River's pools & waterfalls, exploring 18th-century sugar plantation & rum distillery ruins, horseback rides on the beach, and of course, enjoying an organic farm-to-table Carib Beach BBQ.

Horseback Riding with Island Riders
